

Neti - Russia's largest outsourcing company by the decisions of Microsoft Dynamics AX and NAV. We work with large companies and partners of Microsoft Dynamics Russia, the U.S., Britain and Israel.

www.i-neti.com
тел.: +1-646-373-2444

Our services are standardized:

- Development with the ready technical task
- Professional support (2nd and 3rd Line Support)
- Upgrade to the new version of Microsoft Dynamics AX and NAV
- Installation of ready modules (packaged solutions)

More than 50 clients
10 years of total experience

Our business - support of embedded systems and outsourcing. This specialization allows you to keep low prices with high quality. 25 professionals - developers and consultants, the experience of 5 + years. 80% of our developers have the qualification of leading developers. All sectors: manufacturing, retail trade (retail), distribution, services, energy, hotel service and hospitality services.

BENEFITS

Low rate - from \$35 per hour. 5% discount for prepayment. Bonus watch as a gift every year. Our customers confirm: Neti services comparable to the cost of their own employees with taxes and maintenance of the workplace. In this case, you do not pay for downtime, and can always adjust the amount of services.

IT IS SAFE

The highest level of interaction with the customer: quick response to requests, the availability throughout the day, monitoring the progress of work through system JIRA. You may say, "But our expert is always there in the next room." Our answer is: "Communication on Skype over the internet in 90% of cases successfully replace personal meetings."

We are different from freelancers on time and the convenience of calculation. In the absence of the developer it is replacing another. Agreement on confidentiality gives you peace of mind, it is our reputation in the market.

We work with all versions of AX 2.5-2012, NAV 3.6-2009

HOW IT WORKS

Your team, send us your request in the form of simple requirements or technical specifications - we connect the right people and at the outlet you get a ready-made solution.

Only some feedback from our customers

(more reviews on our website - www.i-neti.com)

Duplina Tatiana (Dynamics NAV)

Head of FDO "MPO. Rumyantsev"

"Programmers, with whom we work have enough programming experience, different high capacity for work, care, tasks performed - always."

Leo Kargashinsky (Dynamics AX)

Head of the Department of Information Management of IT Systems Ltd. "Pronto-Moscow"

"The modern approach to support Dynamics coupled with high skills and moderate value allows us to implement the ideas and objectives, accumulated over the past few years."
